EDET DAVID NSIKAK

Edet David Nsikak

FullStack Developer ,

Lagos State

Good Day,

I am interested in the Software developer position in your organization. The requirements closely match my educational background and past experience. Hereby, I have enclosed my resume to provide detailed information on my qualifications and skills for your review.

Throughout my career, I have undertaken various important responsibilities with utmost sincerity. I have conducted market analysis of services and products, prepared the analysis reports, coordinated with the research data product team in order to ensure that the data collected are up to date and managed the product lead communications. I acquired the following skills after completing my four years college degree in Computer Science from University of Uyo, Uyo.

- ✓ Sound knowledge of Frontend, Backend Development and Mobile Application Development.
- ✓ Good interpersonal skills and communication skills.
- ✓ Ability to maintain good client relationships.
- ✓ Sound knowledge in the service development.

With an urge to work both independently and well, in a team; I am positioned to exceed your expectations. I would look forward to get an opportunity to meet with you to discuss my candidacy in more details. I thank you very much for your time and consideration.

Yours sincerely,

David.
